TOWN WARRANT

STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Salem, in the County of Rockingham in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town house, in said town, on Tuesday, the eighth day of March next, at twelve (12.00) of the clock noon, to act upon the following subjects:

Art. 1. To choose all necessary town officers for the ensuing year.

Art. 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation for the same.

Art. 3. To see if the town will vote to raise any more money for the repairs of highways than the law requires.

Art. 4. To hear the reports of agents, auditors, committees or officers heretofore chosen, and pass on any vote relating thereto.

Art. 5. To see if the town will vote to authorize the town treasurer to hire, with the approval of

the selectmen, such sums of money as may be needed for general purposes in anticipation of taxes.

Art. 6. To see what action the town will take relative to lighting the streets, and raise money for the same.

Art. 7. To see if the town will vote to raise a sum of money not to exceed seven thousand dollars (\$7,000), for the purpose of providing police officers for the ensuing year.

Art. 8. To see if the town will vote to raise a sum of money not to exceed seven thousand dollars (\$7,000), for the maintenance of the fire department for the ensuing year.

Art. 9. To see if the town will vote to raise the sum of eight thousand dollars (\$8,000), or any part thereof, for snow removal and general highway expenses for the year 1949.

Art. 10. To see if the town will vote to raise the sum of seven hundred ninety-six dollars and eighty-four cents (\$796.84), and apply for State Aid for Class V Highways.

Art. 11. To see if the town will raise the sum of five thousand dollars (\$5,000), or any part thereof, to provide a sinking fund for permanent improvements as provided in Chapter 160 of the Public Acts of the 1943 Legislature. Said fund shall be invested by the Trustees of the Trust Fund until expended as provided in said Act. Said money shall be expended by the selectmen for any or all of the purpose named in the 1944 warrant.

Art. 12. To see if the town will vote to raise the sum of two hundred dollars (\$200), or any part thereof, to maintain and improve the town Common and the Public Square near Pine Grove Cemetery.

Art. 13. To see what action the town will take relative to allowing a discount on taxes.

Art. 14. By request of library trustees. To see if the town will vote to raise the sum of one thousand five hundred dollars (\$1,500), or any part thereof, above the amount required by law, for the support of the Salem Free Public Library for the year 1949.

Art. 15. By request of library trustees. To see if the town will vote to raise the sum of eight hundred dollars (\$800), or any part thereof, for new ceiling in library building.

Art. 16. By request of cemetery trustees. To see if the town will vote to raise a sum of money not to exceed one thousand dollars (\$1,000), to be expended in the care of walks, drives and vacant lots in Pine Grove Cemetery.

Art. 17. By request of Ernest W. Young Post, American Legion, and Salem Memorial Post, Veterans of Foreign Wars. To see if the town will vote to raise the sum of four hundred and fifty dollars (\$450), or any part thereof, for use of the above Veterans' Organizations, to be expended in the observance of Memorial Day in the year 1949.

Art. 18. By request of Spurgeon W. Smith and others. To see if the town will vote to gravel and tar Ann Avenue and raise money for the same.

Art. 19. By request of Leslie Kohler. To see if the town will vote to gravel and tar the Town Farm

Road from the Kohler residence to the residence of Allan Marquette, or aany part of this distance, and raise money for the same.

Art. 20. By request of Guy L. Ackerman. To see if the Town will vote to gravel and tar Taylor Street and raise money for the same.

Art. 21. By request of Kelly Dahood. To see if the town will vote to gravel and tar Brady Avenue from the residence of William A. Turner to Lowell Road, or any part of this distance, and raise money for same.

Art. 22. By request of Harold Nutter and others. To see if the town will vote to gravel and tar the road leading from the field of Arthur Marden to the grove of Mrs. Ruth Seubert at Millville Lake Park and raise money for the same.

Art. 23. By request of Arthur Wilson. To see if the town will vote to continue the gravel and tar road from the residence of Arthur Wilson on Wheeler Ave. to Bridge Street.

Art. 24. By request of Henry Lacourse Jr. To see if the town will vote to gravel and tar the road from the Atkinson line at Providence Hill to the tar road near the residence of E. Dietel and raise money for the same.

Art. 25. By request of Manuel Costa and others. To see if the town will vote to gravel and tar Granite Ave. from the end of tar road to Broadway and raise money for the same.

Art. 26. By request of Henry Pendergast. To see if the town will vote to extend the water main from Cluff's Crossing to the residence of Henry J. Pendergast and raise money for the same.

Art. 27. By request of John Vartanian and others. To see if the town will vote to extend it's water main from Cross Street up Brady Ave. to the residence of George Brown and raise the sum of nine thousand six hundred fifty-six dollars and forty cents (\$9,656.40) for the same.

Art. 28. By request of Warren E. Ebert and others. To see if the town will vote to connect the water main now at Hall's Crossing to the end of water line on Pleasant St. and raise money for same.

Art. 29. By request of Walter Weinhold and others. To see if the town will vote to raise the sum of nine thousand nine hundred ninety-two dollars (\$9,992), or any part thereof, for the purpose of extending the six inch water main from Broadway up Pattee Road to Lawrence Road.

Art. 30. By request of Richard K. Bodwell. To see if the town will vote to install one (1) street light between the residences of Richard K. Bodwell and Clarence M. Wadlin and raise money for the same.

Art. 31. By request of David Webb. To see if the town will vote to install two (2) street lights on Merrill Ave. and raise money for the same.

Art. 32. By request of Walter Vartanian. To see if the town will vote to install five (5) street

lights from Loeschner's residence on South Broadway to residence of Mrs. Sultan Donabedian and raise money for the same.

Art. 33. By request of Nora Horrigan. To see if the town will vote to install one (1) street light on Millville St. in front of the Horrigan residence and raise money for the same.

Art. 34. By request of Harold Telfer. To see if the town will vote to install six (6) street lights on Howard and Taylor Streets and raise money for the same.

Art. 35. By request of William D. Cornwell and others. To see if the town will vote to install two (2) street lights on Cornwell Court, one opposite the residence of Gene Altot and the other opposite the residence of William B. Cornwell, and raise money for the same.

Art. 36. By request of the Salem Woman's Club. To see if the town will vote to appropriate the sum of fifty dollars (\$50) to be used by the club toward the expense of Humane work.

Art. 37. By request of Salem Board of Trade. To see if the town will vote to raise and appropriate the sum of two thousand dollars (\$2,000) or any part thereof for the support of a Public health nurse for the town of Salem.

Art. 38. By request of Melvin F. Marsh. To see if the town will vote to eliminate the present dump in back of the Town Hall and appropriate a sum not to exceed five hundred dollars (\$500) for the pur-

chase of land suitable for a new dump and raise the sum of one thousand dollars (\$1,000) or any part thereof, for the maintenance of the same.

Art. 39. By request of Melvin F. Marsh. To see if the town will vote to require all persons doing business in Salem to secure a permit or license from the Town Clerk, **fee for the same to be fifty cents (50c).** This article, **if approved, to go into effect on June 1st** and be enforced by the selectmen.

Art. 40. By request of Raymond W. Bonney. To see if the town will vote to raise the sum of three hundred dollars (\$300) to clean drain on Hampstead Street.

Art. 41. By request of Melvin F. Marsh. To see if the town will vote to accept Marsh Ave. beginning at Bridge Street and running to Woodland Ave., a distance of approximately one thousand feet.

Art. 42. By request of Melvin F. Marsh. To see if the town will vote to accept Bodwell Ave., beginning at Bridge Street and running to Woodland Ave., a distance of approximately one thousand feet.

Art. 43. By request of Melvin F. Marsh. To see if the town will vote to accept Elmwood Ave. beginning at Bridge Street and running to Woodland Ave., a distance of approximately one thousand feet.

Art. 44. By request of David Webb. To see if the town will vote to accept approximately four hundred feet (400) of road on Merrill Ave. from where the tar road now ends to residence of David Webb.

Art. 45. By request of Anna M. Noyes. To see if the town will vote to accept Pattee Road from where it now ends to Messer Avenue, a distance of approximately one thousand (1000) feet.

Art. 46. By request of Anna M. Noyes. To see if the town will vote to accept Benning Street, a distance of approximately eleven hundred (1100) feet.

Art. 47. By request of Anna M. Noyes. To see if the town will vote to accept Seed Street, a distance of approximately five hundred (500) feet.

Art. 48. By request of Anna M. Noyes. To see if the town will vote to accept Charles Street from Lawrence Road to Otis Avenue, a distance of approximately six hundred (600) feet.

Art. 49. By request of Alice Dubois. To see if the town will vote to accept Pine Avenue from Granite Avenue to the residence of Alice Dubois.

Art. 50. By request of Peter Valeska and others. To see if the town will vote to accept the private road leading from Cross St. to the homes of August and Peter Valeska, a distance of three hundred (300) feet.

Art. 51. By request of Joseph Carberry and others. To see if the town will vote to accept Belmont Street from Broadway to the residence of Joseph Carberry.

Art. 52. By request of Robert L. Playdon and others. To see if the voters of the Town of Salem will vote to accept as a public way and name Jennings Road, from the easterly side of the road from Salem Center to North Salem at the land of one Playdon, a distance of approximately five hundred

and fifty (550) feet, to the southerly line of the property of one Moran.

Art. 53. By request of Joseph A. Jeffrey and others. To see if the town will vote to accept Doris Court from Broadway to railroad track.

Art. 54. By request of Cora E. Newell. To see if the town will vote to accept one hundred dollars (\$100) from Cora E. Newell as a perpetual fund, the interest to be expended in the care of the Charles Newell lot in Mt. Pleasant Cemetery.

Art. 55. By request of Myrtle Chrysler. To see if the town will vote to accept one hundred (\$100) from Myrtle Chrysler as a perpetual fund, the interest to be expended in the care of the Frederick L. Chrysler lot in Pine Grove Cemetery.

Art. 56. By request of Mrs. Benning W. Noyes. To see if the town will vote to accept one hundred dollars (\$100) from Mrs. Benning W. Noyes as a perpetual fund, the interest to be expended in the care of the Benning W. Noyes lot in Pine Grove Cemetery.

Art. 57. By request of Mildred Buckley. To see if the town will vote to accept fifty dollars (\$50) from Mildred Buckley as a perpetual fund, the interest to be used for flowers for Memorial Day on the Buckley lot, a part of the Howard and Ellen Smith lot in Pine Grove Cemetery.

Art. 58. By request of the David Duston Heirs. To see if the town will vote to accept the sum of one hundred dollars (\$100) as a perpetual fund, the interest to be used for the care of the David Duston lot in Pine Grove Cemetery.

Art. 59. By request of John Contois. To see if the town will vote to accept the sum of one hundred

dollars (\$100) as a perpetual fund, the interest to be expended in the care of the John Contois lot in Pine Grove Cemetery.

Art. 60. By request of Edward S. Ellard. To see if the town will vote to accept the sum of one hundred dollars (\$100) from Edward S. Ellard as a perpetual fund, the interest to be expended in the care of the Ellard lot in Pine Grove Cemetery.

Art. 61. By request of Florence R. Kelly. To see if the town will vote to accept the sum of one hundred dollars (\$100) from Florence R. Kelly as a perpetual fund, the interest to be expended in the care of the Joseph Webster lot in Pine Grove Cemetery.

Art. 62. By request of Everett Kohler and others. To see if the town will vote to accept the sum of one hundred dollars (\$100) as a perpetual fund, the interest to be expended in the care of the Charles Nichols lot in Mt. Pleasant Cemetery.

Given under our hand and seal this nineteenth day of February, in the year of our Lord nineteen hundred and forty-nine.

WILLIAM BARRON,
W. EARLE MAGOON,
WALTER F. HAIGH,
Selectmen of Salem.

**DIVISION OF
MUNICIPAL ACCOUNTING**

State Tax Commission
Concord, New Hampshire

September 22, 1948

Board of Selectmen
Salem, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual audit and examination of the accounts of the Town of Salem which was made by this Division in accordance with the vote of the town. This audit covered the period from June 30, 1947, date of the previous audit to July 30, 1948. Exhibits as hereafter listed are included as part of the report which is made up in two sections as follows:

Section I—Fiscal Year Ended December 31, 1947

Section II—Period January 1st to July 30, 1948

SCOPE OF AUDIT

Included in the audit and examination were the accounts and record of the following officials and departments:

Board of Selectmen
 Town Treasurer
 Tax Collector
 Town Clerk
 Trustees of Trust Funds
 Water Works
 Municipal Court
 Library
 Pine Grove Cemetery

FINANCIAL STATEMENTS

Comparative Balance Sheets—Dec. 31, 1946-Dec. 31, 1947: (Exhibit A)

Comparative Balance Sheets as of December 31, 1946 and December 31, 1947, are presented in Exhibit A. As indicated therein an increase in Net Debt of \$10,517.79 took place during the year.

Analysis of Change in Financial Condition

(Exhibit B)

The factors which caused the change in financial condition were as follows:

Increases in Net Debt

Net Budget Deficit	\$11,293.60	
Decrease in Water Department Cash	381.14	
Taxes Transferred to Deeds	38.86	
	<hr/>	\$11,713.60

Decreases in Net Debt

Increase in Water Accounts			
Receivable		\$ 1,179.41	
Town Clerk's	Cash on		
Hand		16.40	
		<hr/>	\$ 1,195.81
Net Increase			<hr/>
			\$10,517.79

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues:

(Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1947, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D) a net overdraft of appropriations of \$23, 786.16, less a net revenue surplus of \$12,492.56, resulted in a net budget deficit of \$11,293.60.

Summary of Receipts and Expenditures:

(Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1947, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance, as of July 30, 1948, is indicated in Exhibit A-1.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS

Current Deficit:

The balance sheet of December 31, 1947, (Exhibit A) discloses a current deficit of \$12,896.54, as compared to a deficit of \$2,378.75 as of December 31, 1946. This is indicated herewith:

	Dec. 31, 1946	Dec. 31, 1947
Total Current Liabilities	\$49,057.93	\$66,822.73
Total Assets	46,679.18	53,926.19
	<hr/>	<hr/>
Current Deficit	\$ 2,378.75	\$12,896.54

In explanation of the term "current liabilities", it may be stated that these consisted of "accounts payable," "unexpended appropriation balances" and "outstanding temporary loans." In fact since there was no bonded or other long term indebtedness the "total current liabilities" in this case made up the "total liabilities" as indicated in the balance sheet and the "current deficit" likewise equalled the "net debt."

To remain in sound financial condition a town should at all times have sufficient "assets" to meet its "current liabilities." The factor chiefly responsible for a town being in a deficit position is the accumulation of annual budget deficits resulting from appropriation overdrafts. This condition can be remedied only by more careful budget preparation and closer adherence to the appropriations which are authorized.

Appropriation Overdrafts:

It will be noted from the Appropriation Statement (Exhibit C) that the appropriation overdrafts amounted to \$26,411.94, the unexpended balances of appropriations \$2,625.78, resulting in a net overdraft of appropriations of \$23,786.16. Although this was partially offset by a net revenue surplus of \$12,492.56, there still remained a net budget deficit of \$11,293.60.

The appropriation accounts in which the larger overdrafts took place were as follows:

General Expense of Highway and Snow

Removal	\$8,013.58
Fire Department	3,178.26
Police Department	1,304.22

In addition the following expenditures were made without appropriations:

Sewer Construction	\$7,244.84
Athletic Field	2,707.22

We again emphasize the importance of basing budget estimates upon actual requirements as nearly as possible in order that appropriations may be made on this basis and expenditures limited thereto. Unless this is done appropriation overdrafts and budget deficits may seriously affect the financial condition of the town.

Balance Sheet (Elimination of Doubtful Asset Accounts) :

The balance sheet of a town should reflect the true financial condition at the close of the year. Therefore in the preparation of the balance sheet, asset items should include only cash or such accounts as may be converted into cash within a reasonable length of time.

For several years the following items have been carried as "Accounts Receivable":

Earl L. Gordon (Former Tax Collector) \$8,237.94
Amos J. Cowen (Former Town Clerk) \$ 871.90

Inasmuch as it appears doubtful if anything will be realized from either of these accounts it is again recommended that both be eliminated from the assets in future balance sheets.

Had this procedure been followed last year, as recommended, the "current deficit" and "net debt" as of December 31, 1947, would have been increased from \$12,896.54 to \$22,006.38.

Balance Sheet (Uncollected Taxes — Previous Years) :

The uncollected taxes on December 31, 1947, for the levies of 1938 to 1945, inclusive, amounted to \$3,001.50. These consisted largely of poll taxes, many of which are apparently uncollectible. The lists should be carefully gone over by the selectmen and tax collector before the end of the current fiscal year and abatements made in cases where the taxes appear to be uncollectible.

Although the procedures recommended herewith will reduce the assets of the town by a considerable amount, a more accurate picture of the true financial condition will be obtained as a result.

Municipal Court:

All receipts and expenditures of the municipal court should be promptly recorded in the cash book. This will save confusion which sometimes arises when the entries are not made until considerable time has elapsed after the transactions take place.

Conclusion:

The accounts and records of all town officials were found in good condition and the accounting procedure, with exceptions as herein noted, conformed to the uniform methods prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety, but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town

of Salem for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER,
Director.

Division of Municipal Accounting,
State Tax Commission.

HERBERT E. HUNT,
ALAN R. MATTHEWS,
Auditors.

KENNETH L. COWAN,
HUGH J. CASSIDY,
Accountants.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Concord, New Hampshire

September 22, 1948

CERTIFICATE OF AUDIT

This is to certify that we have audited the accounts and records of the Town of Salem for the fiscal year ended December 31, 1947, and the period from January 1, 1948 to July 30, 1948; and, subject to exceptions as herein noted, found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the

town, together with the results of operations for the fiscal year ended December 31, 1947.

Respectfully submitted,
HAROLD G. FOWLER,
Director.

Division of Municipal Accounting

KENNETH F. ROMPREY,
 Justice.

REPORT OF THE SALEM FIRE DEPARTMENT

The number of calls answered for the year 1948 was 108, a decrease of 59 less than 1947. Fire loss for the year was \$3,919.00, a decrease of \$19,131.00 from the year 1947.

I wish to thank the people of Salem for their co-operation in the past year.

Very truly,

ROBERT V. EBERT,
Chief.

Water Commissioners.

REPORT OF NEW PROJECT

At the 1948 Town Meeting it was voted to raise the sum of \$120,000.00 for the purpose of installing new mains and replacing old mains where necessary. Such as South Broadway, Cross Street, Hird's Road, Lowell Road, School Street, Millville Street, up Franklin Street, Howard Street, and Clinton Street.

The Water Commissioners wish to report that these projects have all been completed with 11,010 feet of six inch (6 inch) Cast Iron Pipe and 11,146

feet of twelve inch (12 inch) Cast Iron Pipe, 20 New Hydrants, new services installed, and old services changed over at a cost of \$112,302.77. Leaving a balance of \$7,697.23 of this appropriation on hand.

Respectfully submitted,

HARRY A. OSGOOD,
ARTHUR H. ABBOTT,
WILLIAM A. MAGOON,

Water Commissioners.

SCHOOL WARRANT

To the Inhabitants of the School District in the town of Salem qualified to vote in district affairs:

You are hereby notified to meet at the Woodbury High School in said district on the twelfth day of March, 1949, at 1:30 o'clock in the afternoon to act upon the following subjects:

Art. 1. To choose a Moderator for the coming year.

Art. 2. To choose a Clerk for the ensuing year.

Art. 3. To choose a Member of the School Board for the ensuing year.

Art. 4. To choose a Member of the School Board for the ensuing three years.

Art 5. To choose a Treasurer for the ensuing year.

Art. 6. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

Art. 7. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

Art. 8. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Art. 9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Art. 10. To see if the district will vote to raise and appropriate a sum of fifty dollars (\$50.00) for a State Audit of the School District books.

Art. 11. To see if the district will vote to raise and appropriate a sum of three thousand dollars (\$3,000.00) to expand the school transportation facilities.

Art. 12. To see what sum of money the district will vote to raise and appropriate for the rental of property for use as school rooms to take care of the over-crowded conditions at Salem Depot and Salem Center.

Art. 13. To hear and act upon the report of the Educational Survey Committee appointed by direction of the District at the 1948 Annual Meeting, to see what action the District will take with reference to reconsidering or rescinding or amending the

vote of the District at the 1948 Annual Meeting to construct and equip an annex to the Woodbury High School and to acquire necessary real property in connection therewith, and to see what if any action the District will take in the matter of constructing and equipping any new school building or any addition to any existing school building, and to acquire any real estate that may be necessary for any of these purposes, and in this connection to see if the District will vote to appoint a committee to explore the possibilities of obtaining a grant or loan of funds from the State or Federal Government or other sources.

Art. 14. To see what sum the District will vote to raise and appropriate for the equipment and construction of any new school building and/or the enlargement of any present school building and/or the acquisition of any real estate that may be necessary for any such purpose, and whether the District will vote to authorize the issue of serial notes or bonds of the District for all or any portion of the sum so raised and appropriated, and if so, upon what terms and conditions and whether the authority to fix the time and place of payment of the principal and interest of said notes and bonds, the interest rate and the principal amount of such note or bond and the sale thereof shall be delegated to the School Board.

Art. 15. To see if the District will elect a committee, consisting of the Moderator, a member of the Board of Selectmen, and two other voters in the District, to advise and confer with the School Board in all matters having to do with the equipment, construction or enlargement of any school building and

to take any other action incidental to or that may be necessary or convenient to effect the purposes of this and the next two preceding articles.

Given under our hands at said Salem this twenty-second day of February, 1949.

HOWARD S. WILLIS,
HOWARD C. SMITH,
JOHN A. BAGNELL,
School Board.

REPORT OF SCHOOL BOARD

To the Citizens of Salem:

We are pleased to submit the report of the school board to the citizens of Salem relative to the maintenance of the schools of the district.

At the Center School (No. 1) new copper water pipe from the road to the school was put in to replace that pipe which could no longer be used. Shades in the annex were replaced with new, many of the seats and desks were sanded and refinished. A floor was laid in a section of the attic and shelves were built in this section giving a good storage space here for paper, books and other items used in connection with school operation. To provide accommodations for the excess pupils in this district, the upper room of the Hose House was painted, provided with modern portable desks and chairs, modern fluorescent lighting, storm sash, gas heat and with a fire exit. The ciling was insulated so that we have here as good a school room as there is in the whole school district. The board had asked for \$3,000.00 to transport the children in this district to the Hampshire Rd. school in last year's appropriation. However, when school opened in September, it was found that the number of pupils at Hampshire Roads had so increased, that there was no room for the excess No 1 school pupils. This money, or approximately \$2,8000.00 of it was used to put the old Hose House room into a suitable school room for their accommodation.

At No. 4 school in No. Salem, some shades were replaced and the desks were sanded and refinished. A vote of thanks and appreciation goes to the citizens of No. Salem who voluntarily supplied the materials and labor to redecorate this school room as they did.

At No. 6, the Depot school, about 75 desks were refinished and the four class rooms were decorated in a way that makes these rooms much more attractive than they were previously

At No. 8 school, desks, work tables and book shelves were refinished and a new sanitary water fountain installed to replace the old one.

At No. 9 school, both rooms were redecorated according to the new idea of using pastel shades, additional desks installed and others refinished so that the room in this building which had not been used for some years was made ready, and is now in use.

At the Woodbury High School, a considerable number of desks were refinished, new desks and chairs were installed in the corridor, permanent shades over the windows in the auditorium were provided and the ventilation trouble here was remedied. Gas was installed in the chemical laboratory, satisfying a long-felt want. A gas range is in use in the Home Economics department which was donated to the school for use by the students in this department.

In all schools, many desks and seats were repaired sash cords replaced where needed and many other repairs of a minor nature were effected.

In another year more of these rooms should be re-decorated and one school at least should be given a coat on the outside.

What the future holds for the schools of Salem is problematical. In the year to come with the North Salem School at capacity, some provisions must be made to accommodate these children in addition to those at the center. The board can find only one place where this could be done at the center; that is, in the downstairs room of the old hose house now occupied by the Water Department. In the event that this could be done an appropriation would be required to make this room available for school use.

Some room must be provided in the Depot section, to take care of the overflow here and an appropriation of money to provide this relief.

The High School is overcrowded with a class in the corridor at present, and as we see it, about the only relief that can be provided here is some addition to the present building. Again the school board emphasizes the need for additional school rooms to house the constantly increasing number of pupils who are to receive their education in the schools of Salem. Ten rooms would serve the purpose but still would provide no additional courses in the High School, nor give us anything in addition to what we already have except school rooms for these pupils congestion.

The board does not advocate the raising of the \$225,000 to \$250,000 required for this purpose at the district meeting, but rather to wait until Congress acts on the bill to provide aid to communities with

which to help in the construction of school buildings. Such action by Congress may be known by the last of June, at which time an adjourned meeting could then intelligently act to appropriate the full sum, or that part of it needed, above that which would be allocated to Salem out of Federal funds if Congress should pass the bill providing such aid in money.

We wish to call particular attention to the excellent work of our superintendent of schools, Mr. Grandy. He has cooperated to the utmost, and brought to the attention of the board, many of the progressive ideas in education and many of the answers to some of our problems. These he has presented to us for our consideration for which we hereby express our appreciation. He has worked hard for the Salem Schools and should be accorded the credit due him.

To the personnel of the whole school system, we say "Thank You" for your splendid co-operation in building these children to become good future citizens. To all others who by their suggestions or constructive criticisms have shown an interest in the schools of Salem, we are duly grateful, for it is only by such interest on the part of the great majority that the results can be attained for which we work and spend.

Respectfully submitted,
HOWARD S. WILLIS,
HOWARD C. SMITH,
JOHN A. BAGNELL.

THE SALEM EDUCATIONAL SURVEY

From: The Salem Educational Survey Committee

To: Citizens of the Salem School District

Subject: Report and Recommendations

1. The undersigned members of the Salem Educational Survey committee, authorized by the School District at the March 1948 meeting, are pleased to make the following report of their findings to the citizens of the Salem School District.

2. The committee at its regular monthly meetings has studied with great care the following matters pertaining to the school problem:

(a) Reports and recommendations of other special committees and the school board.

(b) Present and future enrollment figures of the school district.

(c) Sketches, plans, proposals, estimated cost figures and recommendations of several architects together with the State Board of Education.

3. Several Committees have been appointed in the past to study the school problems and did an excellent job. These reports were gone over by the committee. Careful thought was given to the 1948 proposal of the School Board which was to erect an eight room addition to Woodbury High School, with certain alterations to that building.

4. From a study of the present enrollment figures submitted by the Superintendent of Schools and included in his report, it was apparent that something would have to be done at once to alleviate the crowded condition in the schools. These figures, which are based on the present population of Salem and do not take into account any future growth in the town, show that the school district can anticipate an increase in enrollment from 607 pupils in the 1948-49 school year to 793 by 1953-54, causing not only a worse condition in certain of the schools but also increasing the teacher load far beyond the standards set for good education.

5. With these facts in mind it is the opinion of the committee, acting on the advice of the Superintendent of Schools and the State Board of Education, that a minimum of 10 additional classrooms may be needed in order to house the increased enrollment and at the same time to reduce the teacher load to a point whereby the pupils can be given the proper instruction.

6. Several architects have submitted sketches, plans, and estimated cost figures to the Committee for its study. A few of these are briefly outlined below.

(a) Eight room annex to Woodbury High School with alterations to the present building — estimated cost, \$210,000.00 equipped.

(b) Fourteen room Elementary school building, estimated cost \$195,000.00, not equipped.

(c) Ten room Elementary school building — estimated cost \$165,000.00 together with the extension of present Woodbury High School Gymnasium — estimated cost of \$60,000.00.

It is the opinion of the Committee that a sufficient

number of plans were submitted for the Committee to arrive at a fair estimated cost figure for various sizes of school buildings and that those architects submitting plans were well qualified to design school structure and estimate cost. In studying the various plans submitted the Committee was at all times cognizant of the present tax load that the citizens are now carrying and the effect that any new school construction would have on the tax rate. The Committee has kept in mind the possibility of Congress voting federal funds to towns for new school construction and strongly recommends that the school district avails itself of such funds if and when they are available. The possibility of a parochial school being built in the town of Salem in the near future has also been given careful consideration.

7. At the March, 1948, school district meeting the citizens authorized the school committee to erect an eight room addition to Woodbury High School with certain alterations to that building. A good many citizens at that time objected to this plan and a large number of citizens have expressed a desire for a separate elementary school building. It is the opinion of the Committee that the needs of the school district would be better served by a separate elementary school building rather than by the plan voted on last year.

8. The Committee therefore wishes to make the following recommendations to the citizens of the Salem School District.

(a) That they reconsider the action taken last year regarding the addition to Woodbury High School and authorize the school board to provide for more adequate school facilities.

(b) That a new elementary building of from

10 to 14 rooms be erected to house the present overflow and the future increase in enrollment.

(c) That careful consideration be given to enlarging the present Woodbury High School gymnasium.

(d) That final action to raise a sum of money be withheld until Congress has shown whether or not it will vote federal aid to school districts for new construction purposes.

(e) That if and when a sum of money is voted for a definite project, that a building committee be selected by the school district to advise the school board in the erection of a building.

9. The Committee wishes to thank Mr. Grandy, Superintendent of Schools, for the splendid co-operation given it during the past months and to express its appreciation to those citizens of the school district who have given generously of their time..

Respectfully submitted,

The Salem Educational Survey Committee.

CHARLES W. SEIFERT, Chairman.
WILLIAM J. CROFT,
GEORGE W. HIGGINS,
RALPH D. BOOTH,
HOWARD S. WILLIS,
HOWARD C. SMITH,
JOHN A BAGNELL.

February 10th, 1949.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Board of Education and Citizens of Salem :

I hereby submit my second Annual Report. This report will include supplementary staff reports from the Headmaster of Woodbury High School, the Supervisor of Art Instruction, the Supervisor of Music Instruction, and the Director of Health Services. This report will cover statistical information concerning the school year beginning July 1, 1947, and ending June 30, 1948, with additional information concerning the statistics of the schools from July 1, 1848, to December 31, 1948.

I. GENERAL INFORMATION:

A. Enrollment

The schools of Salem reached a total of 743 pupils registered for 1947-48, and the trend is upward with an enrollment of 764 for 1948-49.

B. Teacher Status

The teacher turnover has not been unreasonably high this year, though during the present year sickness, merital status, transfers, and increased enrollments have made some changes in the faculty. We have been fortunate thus far in securing excellent replacements to fill the vacancies. Miss Mary Torosian a graduate of Plymouth Teachers' College in 1948 with a B. Ed. Degree replaced Mrs. Frances Hoffman at the No. 8 School who resigned due to a permanent change in residence.

Miss Jean Collison, a graduate of Plymouth Teachers' College in 1948 with a Bachelor Degree in Education, replaces Miss Ina Bombard, who resigned her position at the No. 6 School to accept a position of elementary school principal in the Newport, N. H., school system.

Mrs. Eva Merrill, a graduate of Lowell Teachers College was added to the staff to care for the increased enrollment at the No. 9 School. Mr. Willian Kearns, a graduate of Boston University with a degree of Bachelor of Science and Master of Education, fills the position in the Woodbury High School made vacant by the resignation of Mr. Gordon Surette. Miss Muriel Manson, a graduate of Tuft's College in 1948 with a degree of Bachelor of Science, was added to the faculty of the Woodbury High School and teaches General Science, Biology, and Socitl Science as well as directing the girls' athletics.

Miss Mary Donovan resigned in October to accept a position in the Lawrence School system and Miss Colison was transferred to the No. 1 School to fill this vacancy. Miss Beatrice Brown, a teacher of experience in New Hampshire and Oregon schools filled the vacancy in the No. 6 School.

C. Citizenship and Achievement Awards

The following good citizenship and achievement awards were made and these students are to be complimented for their evident proficiency in these specific areas:

Good Citizenship Medal—Leo Gregory Hyatt, Jr.

Board of Trade Scholarship Medals—Gold, Leo Gregory Hyatt, Jr.; Silver, Barbara Whitehead; Bronze, Joenne C. Manor.

II. CURRICULUM:

In our democracy the individual is viewed as having freedom to develop his natural abilities to the fullest possible degree. Starting with childhood he is constantly changing in mental and physical characteristics as his natural and social environment may vary. A well balanced personality is not acquired at birth; it must be achieved. Born into a physical environment man must throughout his life adjust himself to his natural surroundings according to ability, needs, and interest. Born into a social environment in which he is involved with people and institutions, he must adapt his behavior to the group pattern of society. Having democratic freedom, however, he can modify his physical or social surroundings as well as develop his own special abilities. It is the task of our schools to help the child in his youthful adjustment to his surroundings, to lead him in his own effort to develop any special abilities he may possess, and to provide a foundation of good habits and attitudes which will encourage him to modify his surroundings for the better.

The program of studies offered by the Salem Elementary Schools continues to provide adequate training in the skill subjects such as reading, writing, and arithmetic, though there is room for expansion and improvement in the fields of social studies, health, science and physical education, and vocational training. The Woodbury High continues to offer a program of studies which includes a College Preparatory Course, a Commercial Course, and a General Course. The Headmaster, in his report, will enlarge on this area.

A. Testing and Guidance:

1. Elementary Schools Grades 2-8.

The result of our testing program last year show that Salem students, by and large, are working well and show better than average

accomplishment in subject matter fields in relation to comparative groups in the rest of the United States.

To aid teachers in helping your child the testing program is being expanded to include testing periods in October and again in April, making it possible for teachers, pupils, and parents to diagnose the difficult areas of accomplishment, take steps to remedy this weakness and then measure the effectiveness of the remedial action taken.

These tests measure only a small part of a persons educational progress in that it tells us only the child's ability to "learn from books," and how well he is using this ability. This program is used only as a starting point from which the teachers may aid the pupil in overcoming his subject difficulties. A battery of tests will be given this year to the members of the eighth grade which will aid the school and home in helping these pupils select wisely their courses in high school.

2. Testing Program Grades 11 and 12

A new program of testing for Grades 11 and 12 was offered this year. The pupose of the program is to give each pupil a chance to explore his vocational interest and match these interests against objective ability.

A battery of tests including:

- (a) Vocational preference Test
 - (1) Fields of interest
 - (2) Types of interest
- (b) Mental Maturity Test
- (c) Problem Solving Ability Test
- (d) Reading Comprehension Test
- (e) Space Relations Ability Test

(f) Habits of Speed and Accuracy Test

(g) Occupations chosen by the student

The Headmaster may use these results in conferences with pupils and parents for purposes of charting your boy's and girl's future course in life.

B. Art and Music:

Equipment and material for this important phase of the curriculum has been made available. A program in both these areas parallels the regular subject fields when it seems desirable and practical. An Operetta was presented this year by the Woodbury High School Junior and Senior classmen. Mrs. Thompson's leadership in this area is to be commended.

C. Athletics and Activity Program:

An expansion of the Athletic and Activity Program was accomplished this year.

1. Elementary Athletic Program:

Group play and experience in competition are important factors in the growing pattern of young American citizens. This year a program for the boys of Salem at the age-level groups in Grades six to eight, has been established. Under the direction of Mr. Foster Ball, all the boys interested meet each Saturday at the Woodbury High School and are given instruction in the areas of team play, sportsmanship, and physical education. The major fields of athletics covered are seasonal as follows:

Winter — Basketball

Spring — Baseball

Fall — Football

2. Girls' Athletic and Activity Program:

The Athletic Program for girls at the Wood-

bury High School has been expanded to include a program of intramural field hockey. A 'Y-Teen' group has been formed to include all girls in the Salem Schools from Grades seven through twelve.

D. Milk Program:

Beginning this year milk is being offered to all pupils in the schools of Salem. This program has been received enthusiastically and in part contributes to the health and welfare of the school population. Federal funds and contributes from the Women's Club, Salvation Army, and other organizations make it possible to offer the nourishment to our pupils at lower than market price.

III. TEACHERS AND PROFESSIONAL IMPROVEMENT:

A. Teachers:

Salem is fortunate in having a staff of well-trained and above all, experienced teachers, interested in boys and girls, and conscious of the need for continuous study in our dynamic society. Without a corps of teachers who, by and large, have the "forward looking point of view," no school system can face the future with confidence that its young people are in good hands, or will they be able to venture forth well adjusted young men and women.

B. Professional Advancement:

1. A new venture in professional improvement was undertaken in Supervisory Union No. 55 with the establishment of a three-week Summer School this year. Teachers attending were able to secure college degree credit. The course covered the fields of Unit Planning and Child

Development. The following teachers from the Salem schools were among the forty-five teachers attending: E. Marion Gordon, Dora Boulger, Eda Cnossen, and Mary W. Foss. Mr. William Kearns and Mr. Foster Ball attended Boston University during the summer, and Mrs. Helen Titcomb attended New Hampshire University.

2. Secondary School Workshop:

Members of the Hampstead and Woodbury High School faculty met with Paul D. Collier, the director of Youth Services with the State Department of Education, Hartford, Conn., at a Secondary School Workshop held in Salem. This group discussed our present program of studies in light of the present needs of the students attending our high school.

IV. SCHOOL BUILDING SURVEY COMMITTEE:

Evidence of the close liaison between school and community in Salem was the establishment of a committee to survey the future educational needs of Salem. The appointment of this committee was by direction of the voters. The committee has met regularly and has been a great help in formulating future policy. The following citizens comprise the committee: Mr. Charles Seifert, Mr. George W. Higgins, Mr. William J. Croft, Mr. Ralph D. Booth, Mr. Howard S. Willis, Mr. Howard C. Smith, and Mr. John A. Bagnell.

V. RECOMMENDATIONS AND CONCLUSIONS:

I wish to restate the introduction made to this section in my first annual report that, "this might well be called a plan for the Future. In no way should it be implied that these recommendations are musts, but a program upon which you, the public, must decide."

A. Enrollment:

Enrollments have increased even more than was anticipated last year. The increase is being felt at the No. 4 School North Salem, the No. 9 School at Hampshire Road, and the No. 6 School at Salem Depot, though census figures indicate increases next year at Salem Center and in the No. 8 School area.

1. The following chart shows the project enrollment from the present to 1954, assuming dropouts will balance increases though I believe that this will not necessarily be the case:

EXHIBIT "A"

PROJECTED SCHOOL ENROLLMENT—SALEM PUBLIC SCHOOLS 1948 - 1954

School	Grades Housed	Capacity	Present					
			Enrollment	49-50	50-51	51-52	52-53	53-54
No. 1	1-6	125	148	171	179	197	205	216
No. 4	1-6	30	45	51	58	65	73	78
No. 6	1-6	130	177	184	187	196	205	198
No. 7	1-8	25	16	17	15	14	13	14
No. 8	1-8	65	60	63	62	63	70	74
No. 9	1-8	70	101	96	106	108	101	124
W. H. S. Jr. .	7-8	70	101	96	106	108	101	124
W. H. S.	9-12	175	Impossible at present time to predict, due to drop-outs.					

2. Teacher Load.

According to all standards, for the number of pupils per teacher, it is accepted throughout New Hampshire and the country as a whole that one teacher cannot adequately serve your boy or girl when she has more than twenty-five or thirty under her charge at the first three grade-levels, and more than thirty or thirty-five in the upper-grade-levels. The following shows the present teacher load in the elementary schools.

EXHIBIT "B"

TEACHER LOAD—1948-49 — 1949-50

School	Teacher	Grades	Standard Maximum	No. of pupils in Room 1948-49	No. of pupils in Room 1949-50
No. 1	Mrs. Titcomb	5-6	35	40	43
	Miss Brand	2-3	30	40	48
	Mrs. Rushton	3-4	30	35	40
	Miss Collison	1-2	30	36	36
No. 4	Mrs. Little	1-6	30	45	51
No. 6	Mrs. Balinas	5-6	35	56	54
No. 6	Mrs. Sawyer	3-4	30	48	64
	Mrs. Gordon	2	30	40	33
	Mrs. Howlett	1	30	33	36
	Helping Teacher—Aids by taking small groups into renovated cloakroom				
No. 7	Mrs. Boulger	1-8	30	17	16
No. 8	Mrs. Cnossen	5-8	30	30	29
No. 8	Miss Torosian	1-4	25	30	34
No. 9	Mrs. Foss	1-4	25	33	37
No. 9	Mrs. Merrill	5-8	30	19	20

3. Conclusion.

The above charts indicate the need for more space to house your children in the next year with corresponding increases necessitating expanded school housing in the near future.

(a) I therefore recommend that space be found in the vicinity of Salem Depot to house part of the fifth and all of the sixth grade of the No. 6 School.

(b) The overcrowded school and teacher load at North Salem seems to indicate remedial action in this area. As a temporary measure another room might be located to take care of the evident overload at the Center and North Salem.

(c) Adjustments can be made in the teacher

assignment at the No. 8 School and the No. 9 School, to better distribute the teacher load.

B. Teacher Status:

The salaries paid the teachers in Salem are still below those which are being paid in comparable communities. The following are the average compiled by the New Hampshire State Department, of salaries being paid in the state this year:

	Female Elem. State Salem		Female Sec. State Salem		Male Elem. State Salem		Male Sec. State Salem		All State Salem	
Median	2200	2100	2500	2400	2300	2400	3000	2900	2400	2150
Average	2324	2131	2613	2300	2466	2400	3029	2817	2506	2258

*These salaries do not include headmaster, principals, and other administrative staff.

Replacements in our present staff would require an expenditure of a minimum of \$2,000.00 for an inexperienced teacher. Costs of living indices indicate no appreciable decrease in the essential commodities. Therefore, it seems that increases should be contemplated.

C Music and Health:

1. Music.

With expanding enrollments, in the near future a redistribution of the area covered by the Supervisor of Music Instruction will need to be made. Adequate programming and supervision is difficult when it is spread over such a large area, under one person's supervision.

2. Health.

Increased enrollments have made it impossible for adequate health supervision. The state of New Hampshire had indicated that the maximum load for one public school nurse serving one district should be about

eight hundred pupils, and as districts are added the number decreases. Salem will reach this figure next year and therefore should consider a policy in this area.

D. Textbooks and Scholars Supplies:

As a result of a gradual replacement policy our textbooks are being brought up to date with a unified reading, arithmetic and language program through grade four as well as replacements in the High school. I recommend that this policy be continued.

It is indicated that textbooks will increase in cost from twenty to twenty-five percent and paper products, pencils, and other scholars' supplies from ten to fifteen percent this year. Replacements and additions to Capital equipment, such as desks, should follow a policy similar to the above.

E. Planning for The Future:

1. Increase in Population.

We are told by statistics that the United States is increasing in total population at a rate of 3,000,000 per year, and that by 1955 our total school population will increase about 45%. Salem is following this trend and you the citizens of Salem are faced with the same problem of providing adequate school housing facilities for the increased school population. If local population trends along with known school increases can be depended upon, increased school housing space needs to be located by 1954.

2. Additional School Facilities:

For some time the athletic facilities available at the Woodbury High School have been inadequate. If the present gymnasium-auditorium continues to be used for athletics, showers and locker room facilities should be provided.

3. Financing the Program:

In New Hampshire more than in the great majority of states, the educational bill is carried almost entirely by the already over-burdened property tax payer. The cost of an educational program and plant such as all of us would agree would be desirable for our children, is too great for this tax to carry.

(a) State and Federal Aid to Education

It is indicated that the present Congress will pass legislation for outright grants in the amount of from 40 to 50% of the total cost of school building programs.

In view of the above I recommend that no new school housing program be started until the Congress has indicated by legislation that aid will be forthcoming. I further recommend that the School District take action whereby this aid may be received.

F. Conclusion:

I wish to take this opportunity to commend the many citizens for their loyal support of the schools and for their aid in helping me make education in Salem more serviceable and progressive.

I also wish to express my sincere appreciation for the cooperation of the Headmaster, Principals, teaching staff and the School Board in guiding me in our important work of educating all the children of all the people of Salem.

Respectfully submitted,

L. MUNRO GRANDY,
Superintendent of Schools.

STATISTICS FOR THE SCHOOL YEAR ENDING JUNE 30, 1948

SCHOOL CALENDAR

1948-1949

Teachers' Meeting, Tuesday, September 7
 Fall Term begins Wednesday, September 8
 Fall Term closes Thursday, December 23
 Winter Term begins Monday, January 3
 Winter Term closes Friday, February 18
 Mid-winter Term begins Monday, February 28
 Mid-winter Term closes Friday, April 15
 Spring Term begins Monday, April 22
 Spring Term closes on or about Friday, June 17
 Days on which schools will be closed
 State Teachers' Convention, October 21 and 22
 Columbus Day, October 12
 Armistice Day, November 11
 Thanksgiving Recess, November 25 and 26
 Memorial Day, May 30

By ruling of the State Board of Education, school must be in session 180 days.

REPORT OF HEADMASTER

I hereby submit my annual report as the headmaster of Woodbury High School.

The total enrollment, which on the opening day, September 8, 1948, was 263, has increased to 280. This further increase over last year's ten percent has brought the enrollment in each of the junior high grades to over fifty. However, by the use of the front entry as a classroom it has been possible to arrange so that no classes for instruction in the junior high school have more than thirty pupils at one time. This is a decided improvement over the condition that I mentioned in my last year's report where fifty-two pupils were being taught at the same time by one teacher. However, the use of the front entry as a classroom should be only a temporary measure as its concrete floor, lack of proper ventilation, and the fact that it is being used by thirty pupils when modern standards would recommend not over fourteen pupils for a room that size, do not tend to make its use a very desirable location.

Following is a table of enrollment by classes:

Grade	Total Enrollment	Discharges	Present Enrollment
12	30	0	30
11	32	2	30
10	49	3	46
9	56	2	54
8	58	2	56
7	55	3	52

There are twelve tuition pupils, seven from Windham and five from Atkinson.

Of the twenty-nine graduates of the class of 1948:

- 3 entered the University of New Hampshire
- 1 entered Keene Teachers' College
- 1 entered Plymouth Teachers' College
- 1 entered Babson Institute
- 1 entered the University of New Hampshire—
Applied Farming Course
- 1 entered Kathleen Dell
- 3 entered Nurses' Training Schools
- 4 entered the Armed Services
- 1 entered a Conn. State Vocational School

From the above figures it can be noted that over half of the graduates of the class of 1948 will receive further training, while most of the rest have already entered the fields of industry, having received the benefits of a high school education, but in many instances handicapped since the curriculum of the school has not included an opportunity for them to develop saleable skills. An industrial arts program for the boys—grades seven through twelve—would be very beneficial to a large number of our boys, serving as good preparation for a vocation and also indirectly resulting in the boys being better home members.

In the early history of secondary education, in fact even when many of our present day leaders attended high school, the curriculum was designed largely to prepare people for college. Textbooks alone constituted the learning materials. As time has gone along experimentation and research have played a large part in the curriculum building program, guidance has received recognition as a neces-

sary part of the curriculum, many of those activities which previously had been added as extras have become an integral part of the curriculum and the radio, moving pictures, film strips, slides, and field trips have taken their places along with the texts as part of the learning materials. In the recent development of the curriculum the individual has served as the focal point, youth adjustment has become the keynote, and the use of many sources of assimilative materials has been accepted. In short, American youth must be equipped to live democratically with satisfaction to themselves and profit to society as home members, workers and citizens.

In view of the newer trends in secondary education and as a result of a request made by the teachers in June a three day workshop was held at Woodbury prior to the opening of school in September. We were fortunate to have as our guiding mentor Mr. Paul Collier, Director of Youth Services, Connecticut State Department of Education. Under his leadership the Woodbury curriculum was closely examined and conclusions were made to its strengths and weaknesses with the idea that as soon as possible the school's curriculum will be set up to more closely meet the students' needs. At the workshop we also had available the McGraw-Hill Teacher Training Films. The enthusiasm with which the workshop was received by our teachers shows that they are concerned with the problems of youth and realize the importance of the child as an individual. In developing a philosophy of education it is recognized that modern education does not mean "sugar coated learning", although much of the emphasis has been placed upon pupil interest. Under our present day education there is still a great need for individual initiative, self-discipline and development

of responsibility, with the child having a sincere desire to learn. Clear and rational thinking is necessary if our young people are to take their places in our democratic society. It is on these bases that we justify so many of our activities which have been carried on so well.

An important step forward was taken in our guidance program when all juniors and seniors were given a battery of tests covering both interest, ability and aptitude, under the direction of the Boston University Testing Service. Since these scores have been returned they have been used in counselling the student as to choice of vocations, choice of courses leading to preparation for these vocations, and also in aiding the individual to understand what his difficulties may be. It is most gratifying to see how anxious the children are to receive their reports and how seriously they are taking the results as the real value in the tests lies not in the test scores but in what use is made of these scores. It is our present plan to administer these or similar tests to the members of the junior class each year so that the results may serve as bases for counselling during much of the pupil's high school career.

The athletic program still laboring under the same handicaps that we have had for many years past continues under the able direction of Mr. Wendell Davis, who also serves as coach of football, basketball and baseball, the three interscholastic sports engaged in by our high school boys. The high school girls now have a full year program for athletics under the leadership of Miss Manson. Last fall we had field hockey for the first time. Next year we plan to have some games with teams representing other schools. In the winter girls' basket-

ball is being continued and in the spring we shall offer interscholastic softball. We have felt for a long time that the girls should have a year-round sports program but this year is the first time we have been able to realize it. The junior high girls, like the junior high boys, are having physical education twice a week and this has become part of the school program. In addition to the physical education program for the boys of grades of seven and eight, a program which we have had for several years, Mr. Ball now has a Saturday morning class open to all Salem boys of grades six, seven and eight, and later teams will be chosen from the forty to fifty boys who report regularly to play similar teams of Hudson, Derry and Andover. A regular schedule of baseball games will be followed again this spring. Closely allied to our athletic program and certainly proving itself worthwhile by its performances is the cheerleading squad which has won awards for its splendid work in the past, and this year has not lowered the standards previously set.

The excellent hot lunch program that we have had has been continued under the supervision of Mrs. Emilio. Some days about two hundred and twenty-five orders are served without any outside help and with no real cafeteria facilities.

The Lucky Jade—an operetta—was presented last fall under the able direction of Mrs. Thompson and Miss Goodwin, and later we shall have the annual senior play and dramatic contest. All these are worthwhile projects and serve a need in our school. Other activities such as clubs, dances, assemblies and the school paper will be continued just as long as they make a worthwhile contribution.

Both the faculty and I were pleased with the parent reaction that resulted from the holding of open house one night during American Education Week. Talks like these bring about the common understanding between parents and teachers, an understanding that must be present if the best interests of the children are to be served.

In closing I wish to express gratitude to those individuals and groups who have aided us in our many various activities. I also wish to say that I have found it a great inspiration as well as a pleasure to be the leader of such a fine faculty as we now have at Woodbury. To you and the Board of Education I once again say, "Thank you" for your tireless efforts, your intelligent leadership, and your ever dependable cooperation and assistance.

Respectfully submitted,

EUGENE ROURKE,
Headmaster.

January 24, 1949.

REPORT OF THE SUPERVISOR OF MUSIC

To Mr. L. Munro Grandy, Superintendent of Schools:

I have the honor to submit my annual report as Supervisor of Music in the Salem Schools.

The progress which has been made in Music Education during the past year has been made possible by the keen enthusiasm and splendid cooperation of the teachers and students.

In the primary grades rote songs supply the inspiration for a valuable experience, which serves as a foundation for further musical progress. These songs induce a love of music, correct monotones, develop good singing tone and prepare for music reading. With the beginning of two-part singing a true sense of harmony is developed. Still richer harmony is experienced through the three and four-part singing in the upper grades.

Today much stress is laid upon the appreciation of music. The children are taught recognition of instruments by sight and sound with the aid of picture charts and records. Musical stories such as Peter and the Wolf help in the development of this phase.

The operetta "The Lucky Jade" was presented by the Woodbury High School students in November. The young people did commendable work, and

I want to add that it was a pleasant task with one hundred percent cooperation from teachers and students. The combined Glee Clubs furnished music for Baccalaureate, Class Day and Commencement.

The Junior High School Glee Club sang between the plays at the Dramatic Contest and was given honorable mention by the judges.

For your hearty cooperation and that of the teachers, I am most grateful.

Respectfully submitted,

EVA W. THOMPSON,
Supervisor of Music.

REPORT OF THE SUPERVISOR OF ART

To L. Munro Grandy, Superintendent of Schools:

I hereby submit my annual report concerning the Art activities and instruction in Salem.

After a year of progress a need was felt for more fundamental work in Art, rather than an all-creative program. As Art governs our every-day living, so must the children have a solid foundation on which to build it. The whole program was based on the fundamentals of color, lettering, figure drawing, and holiday motifs. Individual work and murals were made with construction paper, paint or crayons. An excellent quality of clay was dug in nearby Westville, N. H. A quantity of clay is now at the No. 4, No. 7 and No. 8 schools. Articles were made by the Coil and Slab methods, and animals and figures were also modelled with it.

New mediums were introduced for the first time. They were Poster Paint, Finger Paint, an assortment of colored construction paper, and project-roll paper for murals.

A representative of the Milton Bradley Company in Springfield, Massachusetts, demonstrated finger-painting at the No. 4, No. 7 and No. 9 schools.

The Art Club at the Woodbury High School had a personally conducted tour of the Currier Art Gallery in Manchester, N. H.

An Art Workshop was held on July 22, 1948, at the Woodbury High School. Materials were furnished by the Binney and Smith Company in New

York. Similar Workshops were held throughout New England. At that time the teachers became familiar with stencilling, block printing, crayon strokes, painting bottles with poster paint, making puppet heads, paper mache' animals and figures, chalk on wet paper, and finger paint. An exhibit of the children's work in Salem was held during the Workshop.

The Art Department supervised the painting of the backdrop for the operetta.

In closing I wish to thank Mr. Grandy, the teachers and all who have helped me during 1948 for their increased interest and splendid cooperation.

Respectfully submitted,

DOROTHEA S. ROTH,
Supervisor of Art.

ANNUAL REPORT of SUPERVISOR of HEALTH SERVICES

To Mr. L. Munro Grandy, Superintendent of Schools:

The following is my report for the school year ending December 31, 1948.

Number of pupils given physical examination	672
Notification of all defects found were sent home	
Number of visits to schools	589
Number of visits to homes — follow up work	157
Pupils given classroom inspections for communicable diseases	1026
Pupils given individual examination for pediculosis	718
Pupils excluded for pediculosis	30
Pupils excluded for scabies	15
Defective Vision — 112; improved or corrected	90
Pupils receiving examination by oculist and glasses financed by Sight Conservation Program	4
Examination and glasses financed by Department of Public Welfare	2
Enlarged tonsils — 37; improved or corrected	20
Enlarged glands — 6; improved or corrected	6
Number of pupils having defective teeth	315
Pupils who have had dental corrections	211
Pupils attended Balch Clinic, Manchester	4
Receiving treatment	3

Courtesy of Salvation Army and Red Cross: One hundred dollars from each for corrective work on mandible and teeth for one pupil.

Courtesy of Salvation Army: Free milk for five pupils from February 2, through June, 1948.

Courtesy of Women's Club: Fifty dollars given toward the Milk Program.

Courtesy of Red Cross and Women's Club: Cod Liver Oil given to many needy families.

Pupil attended Mental Hygiene Clinic 1

March 24, under direction of Mr. Grandy, Superintendent of Schools, a tuberculosis educational film was shown, "This is T. B." All pupils in grades five through twelve were given the opportunity to see this picture at one of the following schools, Woodbury, Number ne, or Number Six.

April 5, Miss Constance Martin, R. N., Staff worker of the Tuberculosis Association assisted in giving the Tuberculin Test (Vollmer) to 274 pupils, nineteen of whom reacted positive.

April 27, at Woodbury all positive reactors to the tuberculin test were given the additional benefit of chest x-ray by Mr. Eugent Alden, x-ray Technician. The x-rays were read by Dr. Robert Kerr, and these students were found to have healed calcified glands. We hope to continue the program again this coming spring,

September and October a pre-school and school clinic was held at Legion Hall sponsored by Salem Women's Club under the direction of Mrs. Ella Fowler, R. N. Nine first grade pupils at this clinic were immunized with Toxoid, Tetanus and Whooping Cough serum.

Good nutrition is one of the essentials for growing children if they are to do their best work in school. One of the most serious hazards of the school age pupil is the tendency to cut down on breakfast. This feeling may be attributed to rising late and the fear of tardiness. The effect in either case is to reduce the amount of food eaten.

Gain in weight is the best single sign of good nutrition. The program of weighing and measuring has been taken over by the classroom teachers as a development of a special health educational curriculum.

Last fall, a pure tone audiometer was given the Salem School district by the Salvation Army. An individual hearing test has been given to many pupils. This represents a valuable development of the school hearing program. Due to the very large enrollment, I regret having been unable to give each pupil the benefit of this test.

A set of equipment for giving the Massachusetts Vision Test has been purchased by the Salem Board of Education. The test series is composed of three parts:

Part One is planned to sort out cases in which there is low visual acuity. The main differences between this test and those commonly in use are that the charts are constructed to minimize the possibility of memorizing, and provision is made for standardizing illumination.

Part Two is intended to detect those who may pass the visual acuity test but who, nevertheless, have deficiencies which are latent and may require correction.

Part Three is designed to indicate the cases in which there is difficulty in using both eyes together.

Use of this equipment will give a considerably more effective vision test to all pupils. It is most unfortunate that our schools have not provided adequate office space so that this equipment could be used to the best advantage.

September 1, 2, 3, I attended the School Nurses workshop at Keene Teachers College under the supervision of Dr. Bruce, State Board of Education. I felt the lectures were helpful in my school health program. Some of the outstanding topics were:

Relation of the school nurse to the Crippled Children's Program, by Dr. U. Saunders.

Reasons for record-keeping in all nursing services, by Miss Florence Clark, R N.

The role of school nurse in screening and follow up cases of impaired vision, by Dr. Leroy Ford.

This year we had about the usual amount of communicable diseases. A full report will be found in the Board of Health report.

In conclusion I wish to express my appreciation for the fine cooperation of the School Committee, Mr. Grandy, parents, teachers, pupils, and local organizations. Without their interest and support, my work would have been quite futile.

JESSIE REBECCA SOULE, R. N.

VITAL STATISTICS

TO THE SELECTMEN OF SALEM: I hereby submit the following records of births, marriages and deaths to the municipal officers for publication in the annual reports:

Births Registered in the Town of Salem for the Year Ending December 31, 1948

Date of birth	Name of Child (if any)	Sex	Living or Stillborn	Color	Name of Father	Maiden Name of Mother	Residence of Parents	Occupation of Father	Birthplace of Father	Birthplace of Mother
1947
